PRODUCT DETAILS	
DESCRIPTION.	Medium HD Bracket Adaptor + Screw
CODE.	RB09-0701-050012 (Black)   RB09-0701-069012 (White)
PACK SIZE.	25 Sets
PRICE.	Refer to catalog
IMAGE.	
USE WITH.	Single & Dual Brackets with 12mm tongue, RB09 Chain Winders, 3Nm & 6Nm motors
AVAILABLE.	In stock now

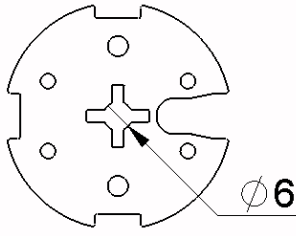

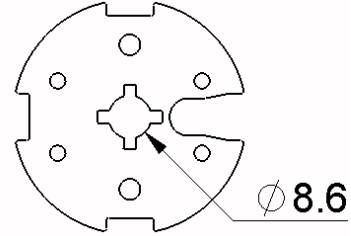

## FUNCTIONAL BENEFITS

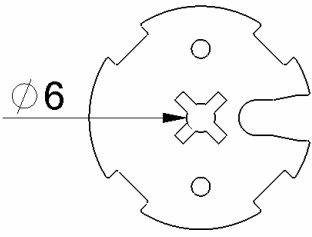

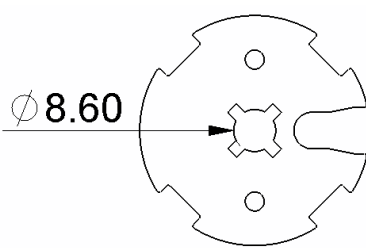

- 3Nm and 6Nm motors are now compatible with all RB Double Bracket solutions
  - Requires the motors to use the latest disc adaptors (refer associated PCL's)
- Robust solution for chain winders in commercial applications
  - Designed to protect the 12mm bracket tongue against excessive chain operation force
- Can be retrofit to existing installations
  - Remove shade from bracket, install HD Bracket adaptor, re-install shade
  - Requires additional 1.5mm idler clearance

## PRODUCTION / INSTALLATION

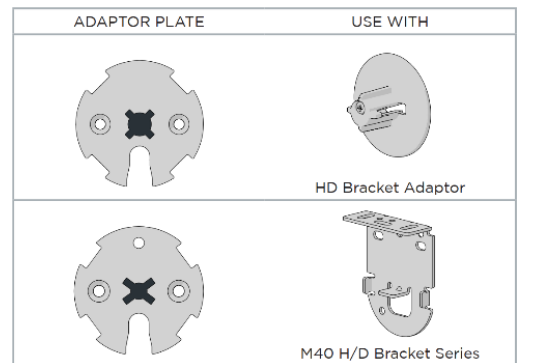

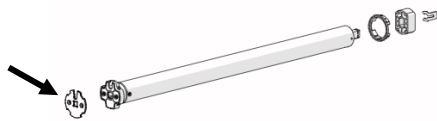

- Must allow for additional 1.5mm deduction during fabrication
- Screw requires #1 Phillips head
